Full-stack developer with an interest in design, photography, and education. Prior to being a software engineer, I did both video production and Chinese language education/translation. Strong teaching, public speaking and writing skills.

Software Development Skills

- Debugging, JavaScript, Node.js, React, React Native, Express, Redux, RESTful API, PostgreSQL, Sequelize, Bootstrap, Flexbox, HTML, CSS, AppleScript, PhaserJS

Education

Nucamp | Certificate in Software Engineering | Charlotte, NC   April 2021 – November 2021
- Software engineering training program with emphasis on Bootstrap, React Native, MongoDB, and Node.js

DigitalCrafts | Certificate in Software Engineering | Atlanta, GA   July 2020 – January 2021
- Software engineering training program covering full-stack development including, but not limited to JavaScript, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL. Deployed backend applications with Postgres and Heroku

Northeast Normal University | B.S. in Chinese Language | Changchun, China   2007 – May 2011

Bob Jones University | M.A. in Bible | Greenville, SC   2001 – May 2004

Bob Jones University | B.S. in Cinema & Video Production | Greenville, SC   1997 – May 2001

Software Development Portfolio

Zombie Dash | zombie-dash.com/ | github.com/Griffinw29/Hackathon-Game   August 2021
- Learned Phaser JS and wrote the majority of 1,000 lines of code for a 7-day hackathon hosted by Mintbean
- Found and organized most of the assets

Eat@Home | eat-at-home-server.herokuapp.com/ | github.com/possumdiva/eat-at-home   January 2021
- Member of a 3-person development team building an app for finding and saving healthy meal delivery services
- Responsible for backend development with Node.js, Express, Passport, API
- Also built many of the frontend React components

BFI250 Progress Bar | bfi250.com | github.com/ejw773/bfi250 | github.com/ejw773/bfi250-server   January 2021
- Track your progress watching the 250 best films of all time, according to the British Film Institute
- Mark films you've seen; additionally mark films you wish to skip
- Individual project built with React, Redux, Node.js, Express, Passport, and PostgreSQL

Professional Work Experience

AYGC, Inc. | Prepress/Translation/Web Dev | Spartanburg, SC   November 2016 – Present
- Designed, built and deployed a new website using the WordPress Divi Theme, including most of the text and photography
- Facilitate technical communication between English-speaking customers and Chinese-speaking staff

BJU Press | Video Production Specialist | Greenville, SC   September 2013 – October 2016
- Wrote, planned, recorded and edited educational video material for homeschool

BJU Photographic Studio | Digital Asset Manager | Greenville, SC   Julu 2001 – May 2005
- Initiated and supervised the 4-year transition from film to digital
- Researched and implemented a multi-department photography database using Extensis Portfolio Server
- Taught long-time photographers the basics of using computers in a complex network environment
- Self-taught AppleScript and shell scripting, eliminating the need of a full-time employee
